

YUTI
BREWERIES LTD
A BEVERAGE DISTILLING COMPANY
2022

WHO
WE'RE

OUR STORY

YUTI BREWERIIES LTD is a brewing and distilling company that was established in 2018. The company has rapidly expanded its coverage in the last four years both East and Central Africa and is still looking to expand even further.

We boast of a state-of-the-art factory plant located at the Namanve Industrial Plant with a capacity of 800,000 Hectolitres of beer in production, hence making YUTI Breweriies a key player among the leading manufacturers of locally produced beers in Uganda with a market share of 50% of combined sales, giving credence to our slogan, Our People, Our Taste.

Yuti Breweriies Ltd also manufactures several brand products away from the beers hence giving a balance of enjoyment on all accounts from gin to the liqueur and our latest addition being the Quick hand sanitizer.

We manufacture and supply sanitizer (Quick Hand Sanitizer) to major pharmaceutical companies, hospitals, clinics, and supermarkets, certified by the National Drug Authority. Our goal is to help contain the spread and eventually eradicate the COVID-19 virus.

The company was officially launched by His Excellency Yoweri Kaguta Museveni on 4th July 2020 and has since been recognised by the Uganda Investment Authority, Uganda National Bureau of Standards and Uganda Manufacturers Association.

VISION

To inspire moments that bring us together,
one celebration at a time

MISSION

To become the leading manufacturer
of alcoholic beverages in East and
Central Africa.

OUR VALUES

Quality and Innovation are what we stand for. We believe in delivering products that are worth their weight in gold. We also believe that to do this, we must have the courage to dream, to be daring, to think outside the box to find new and exciting ways to serve our consumers. This is the Yuti way.

We also pride ourselves in operational excellence that has seen us rise even through the most difficult of challenges but with the dedication of the team at Yuti Breweries, this has indeed taken us a step further in the right direction but also closed some of the gaps in the market because we are all inclusive and affordable to all..

GOALS & OBJECTIVES

1. To increase the brand awareness in the market.
2. To expand into new geographic markets constantly and steadily.
3. To broaden product offerings.
4. To keep all employees focused on goal of the company.
5. To develop and launch new products.

**OUR
BRANDS**

BEER

All the beers exist to celebrate and pioneer the progressive spirit and through innovation, Gold and Strong were made. The beers are proudly progressive and true to our authentic selves because we are driven by a passion and determination to make the most of everyday life in its stride.

Yura gold is sociable, inclusive, inviting and unifying with an aroma of sweet, almost coffee-like malt with a 4.5% ABV.

With ingredients like those made for Yura Gold that are 100% locally procured in Uganda, Yura Strong is brewed to give our customers good vibes comes with a 7% ABV while progressively taking life in it's stride.

SPIRITS

TORRERO ORIGINAL

Torrero Liqueur was first produced in April 2020, a year that was ravaged by hardship, with the sole purpose of being a premium drink that's affordable to all. With the available market short on liqueurs, this created a path that would then take the brand beyond measurable situations.

Torrero is distilled to perfection which makes us the Number 1 choice of drink whenever friends gather or celebrate everyday wins. With 80% of all ingredients locally purchased from the Ugandan market, we believe that working together will help open opportunities for both the market and the company.

Torrero Original has an ABV of 42.8% which has also been easy going.

TORRERO WILD

Through innovation and heeding to customer feedback for a lighter option, Yuti Breweries made a new version with a reduced ABV of 37.5% but with a smoother and refreshing taste.

Torrero Wild will be distinctive, flavourful drink with the perfect balance of sweet and bitter to achieve smoothness and refreshment that everyone can enjoy with all ingredients locally procured.

OUR RESPONSIBILITY TO SOCIETY

We are passionate about creating a positive impact in the world that we live in. We are supporting efforts to accelerate the transformation of society for the better.

On 19th November 2022, under our flagship beverage brand Yura Beer, we signed an agreement with Uganda Wildlife Education Centre (UWEC) to provide sanctuary for the White Tiger, aptly named Yura, the only of its kind in East Africa and committed 30 million Uganda shillings towards its welfare and surroundings.

We further committed to making more donations and providing support for activities geared towards inculcating awareness amongst the public of the importance of protecting and conserving this endangered species as well as others.

Our ambition is to lead the charge for the conservation of Uganda's natural resources and biodiversity in order to create a socially and environmentally sustainable ecosystem for generations to come

OUR STAFF

We are consumer obsessed. We put a lot of thought and care into the production of all our products so that our consumers get the best experiences. This means assembling a team of people who put the consumer first. Meet the minds who keep everything brewing smoothly at Yuti.

OUR MILESTONES

Our heritage plant at Namanve is fully equipped with technical staff with a capacity of 800,000 Hectolitres of beer, which has helped us attain a 50% market share of combined sales in locally produced in Uganda.

We have a production capacity of 30% production on Spirits, Beer accounts for 60% production capacity per month, with a keen emphasis on scaling up, while Sanitizer accounts for 10% of production capacity, to which we are steadily building on.
